The specific conditions of each Offer are detailed below and/or on the Site.

Unless otherwise stated in the specific conditions, each Offer is personal, non-exchangeable, and non-transferable. The Offers cannot be combined. Clients can only benefit from an Offer once.

To participate in and benefit from an Offer, the Client must have a Validated Client Account (an account that has been verified and is not suspended, blocked, or closed, in accordance with the general terms of use of the Company). In the event that the Client's Account is suspended, blocked, or closed prior to the payment of the rewards provided for by each Offer, the Reward cannot be awarded to the Client.

The Company cannot be held liable if a Client is unable to benefit from an Offer due to a technical malfunction, fraudulent use of their Account, or any other cause beyond its control. Any abuse or circumvention of these conditions by the participating Client will be considered a case of fraud, and the Company will take the measures it deems appropriate, such as closing the relevant Account or canceling the Offer.

Words beginning with a capital letter have the meaning given to them herein or, failing that, in the general terms of use of the Company.

These conditions are governed by French law. Any dispute relating to the Offer will be under the exclusive jurisdiction of the French courts.

1. <u>MiCA Deposit Offer</u>

<u>Validity period of the Offer</u>

The Offer is available from July 11 to August 31, 2026.

The Company reserves the right to extend this period.

The Offer is reserved for Clients meeting the eligibility conditions described below.

Eligibility conditions

To benefit from the Offer, the Client must:

- be a natural or legal person holding a Validated Client Account between August 11 and 31, 2026 inclusive (in accordance with the terms and conditions provided in the Company's current General Terms of Use);
- carry out within a maximum period of seven (7) days following the validation of their Account, one or more transfers of Crypto-assets from an external wallet to the wallet held at the Company, for a minimum cumulative amount of 250 euros (see calculation methods below). Only Deposits made during this seven (7) day period will be taken into account to determine the Client's eligibility and the amount of their reward. Any Deposit made after the expiration of this period will be excluded from the calculation.
- not have already benefited from the Offer.

The value of the Deposit corresponds to the equivalent value in euros of the Crypto-assets deposited into the Crypto Account, determined according to the Prices applicable by the Company on the day the Deposit is validated by the Company.

Deposits in legal tender (EUR) are not taken into account to assess eligibility for the Offer or for calculating the amount of the reward.

The "Net Deposit" corresponds to the difference, expressed in euro equivalent (EUR), between the cumulative amount of Crypto-asset Deposits made by the Client during the seven (7) day period following the validation of their Account and the amount of Withdrawals made during this same period. The Net Deposit is calculated at the end of this seven (7) day period and determines the Client's eligibility for the Offer as well as the amount of the applicable reward.

The Company reserves the right to refuse a Deposit, in accordance with the provisions of its current general terms of use, without incurring any liability.

Reward amount and payment

The Client meeting the above conditions is eligible to receive a reward in the form of digital gift card(s), paid out according to the following terms:

Net Deposit amount (equiv. EUR)	Gift card amount	Payment
Between 250 € and 2,500 €	10 €	Single gift card - Sent the 2nd month following the Deposit
Between 2,501 € and 10,000 €	50 €	5 gift cards of 10€ - Staggered sending from the 2nd month to the 5th month following the Deposit

The gift card(s) are sent within the timeframes indicated above to the e-mail address provided by the Client when creating their Account.

Eligibility for the reward and the sending of gift cards are subject to the actual holding of the deposited Crypto-assets in the Client's Crypto Account. Thus, in the event of a Withdrawal, i.e., the outgoing transfer of Crypto-assets to an external wallet, or a Sale, the Client loses their eligibility for the allocation of the remaining gift cards. The gift cards received prior to the Withdrawal remain acquired by the Client, subject to the expiration period set out below.

In the event of closure, suspension, or blocking of the Client Account before the sending of a gift card, it will not be awarded and no compensation or refund can be claimed.

<u>Use of the reward</u>

The Client with a Validated, unblocked, and non-suspended Account can use the gift card upon receipt, under the following conditions:

- The gift card can only be used on the Company's website and application to make a purchase equivalent to the reward amount in the Crypto-asset of their choice (among those available on the platform at the time of use);
- The gift card can only be used once;
- The gift card must be used within one (1) year following its sending date, after which it becomes unavailable.

The gift card is neither exchangeable, nor transferable, nor refundable.

If the Client's Account is closed, blocked, or suspended, the Client will be unable to use the gift card and no compensation or refund can be claimed.
